ANNEXURE “A”: LEDA ENTERPRISE DEVELOPMENT AND FINANCE DIVISION ENTERPRISE FINANCIAL RELIEF SCHEME – MARKETING PURPOSE

The South African small business sector was negatively affected by the Covid-19 lockdown threatening the collapse of the majority of the enterprise community, as it is the experience of the global economy and that of the Limpopo province. The national debt relief finance schemes from both the public and the private sector provided temporary support to some of the enterprises, however was not enough to minimize the impact of Covid-19.

In order to provide a prompt remedial action to the challenges faced by Cooperatives and SMME’s, and in the process salvage business and the economy, the Limpopo Provincial Government has committed to supporting these entities and established a Financial Relief Fund allocated to LEDA to provide temporary relief and offset their related costs while supporting ongoing delivery of economic development plans and job creation. It is expected that LEDA, through the managed process of distributing the fund, will minimise the impact of COVID-19 and reverse the negative impact of the pandemic on SMMEs and Cooperatives and therefore the economy of the Limpopo Province.
